

Request **flexibilization** emergency regulation SZW

for most affected entrepreneurs

Does your application for the third compensation from EZK (period July to September 2020) show that you have a loss of turnover of at least 50 percent as a result of the corona crisis? Then you may be eligible for the 'flexibilization of the SZW emergency regulation'.

This flexibilization entails that until the end of the term of the regulation (subject to interim changes) you can deploy 25 percent of the working hours of your employees, while you retain your wage cost subsidy for these hours. During the term of the flexibilization, you may vary within this 25 percent of deployment of your staff. The condition is that only employees for whom wage cost subsidy is already provided (on the reference date February 25th, 2021) are accommodated within the 25 percent.

Fill out this form completely and submit it to noodregelingszw@rijksdienstcn.com. **After you receive written approval** from the RCN-unit SZW, you may put your staff at work using this flexibilization.
